TICKET PRICE: \$5.00
TICKET COUNT: 595
GROSS PROFIT: \$475

PRIZES
PURPLE = \$300
ORANGE = \$500
FLAMING = \$1,000

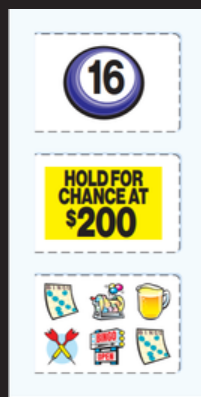

INSTRUCTIONS

- Playbacks are the only instant winners.
- Each game will have 225 “hold” tickets:
 - 1-75 purple ball (smallest winner)
 - 1-75 orange ball (middle winner)
 - 1-75 flaming ball (jackpot winner)
- Two most popular ways to play “3 Ball Call”
 - Sell the tickets and open the seals on the flare to reveal the winners.
 - Using a bingo cage/blower/random number generator.
 - Write “BINGO” on the back of the flare.
 - Once all tickets are sold, announce that you will be playing “3 Ball Call” to start the next game.
 - The first number drawn is the “purple ball winner”, 2nd ball drawn is “orange ball winner” and 3rd ball drawn is “Flaming Ball winner”.
 - Write the winning numbers on the flare.
- Do a prize receipt for all 3 winners.
- Prizes can be cash or merchandise.

BIG QUESTION

Do you have to sell all of the tickets?

You do not, but just know there is a chance that somebody doesn't win all of the prizes or the charity may lose money if all of the prizes are won and not enough tickets were sold to cover the prize amount.
